**Re: In the Matter of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a consumer who supports broadband competition. I make it a point to always use local products when available. It's not only good for business, it allows me to have better service if/when I need it.

Price hikes could in all likelihood take me out of the option to purchase broadband internet service.

Thank you.
